How to practice

1. Question ko khud samjho.
2. 20–30 minutes khud try karo.
3. Atko to hint lo.
4. Approach samjho.
5. Dry run karo.
6. Phir C++ code likho.

Target: Pehle in 30 questions ko comfortably solve karna. Uske baad next level me arrays, two pointers, prefix sum, binary search, maps aur greedy gradually start karenge.
